THE AMERICAN RECOVERY AND REINVESTMENT ACT SIGNED INTO LAW

ATLANTA, GA, FEBRUARY 21, 2009: President Obama signed the "HITECH" Act into Law on February 17, 2009. mPacts. LLC (www.mpacts.net) a Georgia company, is assisting medical practices in building the infrastructure needed to implement the Electronic Health Record. The bill will allow 19 Billion dollars in incentives to medical practices that are using an electronic health record, and sharing information by January 2011.

Medical practices must now build an infrastructure, assess, evaluate, choose and implement an EHR. mPacts specializes in acting as the IT Department for the practice. They will build your network, help you evaluate, choose and implement what is right for your practice. mPacts does not work for the EHR vendor, and is hardware/software agnostic.

mPacts can be reached at mPacts, LLC 1065 Jodeco Rd., Stockbridge, GA 30281
